RANDOLPH COUNTY PLANNING BOARD

MINUTES

July 11, 2023

There was a meeting of the Randolph County Planning Board on Tuesday, July 11, 2023, at 6:30 p.m. in the 1909 Historic Courthouse Meeting Room, 145-C Worth St, Asheboro, NC.

Chairman **Pell** called the meeting to order at 6:30 p.m. and welcomed those in attendance and asked for a roll call of the members.

Hal Johnson, County Manager, called the roll of the Board members.

- Reid Pell, Chair, *present*;
- Kemp Davis, Vice-Chair, *present*;
- John Cable, *absent*;
- Melinda Vaughan, *present*;
- Reggie Beeson, *present*;
- Ken Austin, *present*;
- Barry Bunting, *present*; and
- Brandon Hedrick, Alternate, *absent*.

County Attorney, **Ben Morgan**, was also present.

Johnson informed the Chairman there was a quorum of the members present for the meeting.

Pell called for a motion to approve the consent agenda as presented.

Consent Agenda:

- Approval of agenda for the July 11, 2023, Planning Board meeting.
- Approval of the minutes from the June 6, 2023, Planning Board meeting.

Davis made the motion to **APPROVE** the consent agenda as presented, with **Austin** making the second to the motion. The motion was adopted unanimously.

Pell asked the Board members if there were any conflicts in the following cases. Hearing none, **Pell** turned to **Johnson** to present the first case of the night.

Johnson presented the first case along with site plans and pictures of the site and surrounding properties.

REZONING REQUEST #2023-00001293

The Randolph County Planning Board will hold a duly published and notified Legislative Hearing on the request by **LEILANI T & STEVE WITSAMAN**, Ramseur, NC, and their request to rezone 19.75 acres at 3105 Deep River Church Rd, Coleridge Township, Tax ID #8619346704, Rural Growth Area, from *RA - Residential Agricultural District* to *RLOM-CD - Rural Lot Subdivision Mixed - Conditional District*. The proposed Conditional Zoning District would specifically allow a four-lot subdivision for Class *B* mobile homes and above as per the site plan.

Pell opened the public hearing and called for anyone wishing to speak in favor of the request to come forward and address the Planning Board.

Steve Witsaman, 3105 Deep River Church Rd, rose to address the Planning Board regarding their request. **Witsaman** told the Planning Board that he wants to give his children a place to live. **Witsaman** said that his son is living in the existing house on the property and his brother-in-law is currently living in a mobile home and he wants to put his son in a mobile home on the property.

Johnson asked **Witsaman** if he had the soil evaluation for a septic system done and **Witsaman** replied that the lot for the new mobile home has been checked and the septic system permit has been issued.

Austin asked **Witsaman** to provide a brief description of the driveway going into lots. **Witsaman** stated that the existing drive is covered up on the site plan by the red line indicating the property and that the existing drive runs parallel to the existing drive.

Davis asked who lives in the house on the property and **Witsaman** answered that his son currently lives in the house and his brother-in-law lives in the existing mobile home.

Austin asked if the drive goes back to lot number four and **Witsaman** answered that the drive goes back to lot number four and that he maintains the road.

Davis asked if each lot shown on the plan will have an easement and **Witsaman** replied that each lot will have an easement.

Johnson asked **Witsaman** how long he had lived on the property and he replied thirty years and that he had inherited the property when his father-in-law passed away

Pell asked if there were any questions from the Planning Board members.

Bunting asked if all of the lots will have easements to drive and if each lot has its own well and septic system and **Witsaman** responded with a yes.

Pell asked if there was anyone else in favor of the request that would like to address the Planning Board. Hearing none, **Pell** asked if there was anyone in opposition to the request that would like to address the Planning Board.

Hearing none, **Pell** closed the public hearing.

Johnson said that this is a good example of trying to keep a family together on family land.

Kemp stated that **Witsaman** is taking care of the existing drive and each lot can stand on its own as a building lot.

Austin made the motion to **APPROVE** the rezoning request to rezone the specified parcel(s) on the rezoning application to the requested zoning district based upon the **Determination of Consistency and Findings of Reasonableness and Public Interest** statements that are included in the Planning Board agenda, submitted during the rezoning presentation and as may be amended, incorporated into the motion, to be included in the minutes, as well as the site plan(s) with all agreed-upon revisions, also incorporated into the motion and that the request is consistent with the *Randolph County Growth Management Plan*. **Beeson** made a second to the motion to **APPROVE** the rezoning request.

Pell, having a proper motion and second, called the question on the motion to **APPROVE** the rezoning request, and the motion was adopted unanimously.

Johnson told the applicant that due to the potential of an appeal of the rezoning decision, the approval paperwork would be sent after the deadline for filing an appeal if no appeal is requested.

Johnson informed the Planning Board that the County had hired a new Planning Director, **Tonya Caddle**. **Johnson** stated that **Caddle** has over eighteen years of professional planning experience and that she has an Urban and Regional Planning degree from East Carolina University and that her first day with Randolph County will be August 7, 2023.

The Planning Board had an informal discussion regarding the *Growth Management Plan* update process and decided that the Planning Board should probably have a working session before the public hearing in August so all Board members would be familiar with the proposals.

Having no further business, **Pell** called for a motion to **ADJOURN** the meeting. **Beeson** made the motion to adjourn, with **Davis** making the second to the motion.

Pell, having a proper motion, and second, called the question on the motion to **ADJOURN**. The motion passed unanimously.

The meeting adjourned at 7:15 p.m., with three citizens present.

West	<i>RA - Residential Agricultural District</i>	Single-family residential

TRANSPORTATION INFORMATION

Information from North Carolina Department of Transportation:

NCDOT has advised the Technical Review Committee that no road improvements will be needed for this rezoning request.

ZONING INFORMATION

Zoning History:

The southern portion of the property was originally rezoned in October 1995 to allow a 12,000 to 16,000 sq. ft. tool and die shop. The Conditional District Permit was later amended in February 2011 to allow the existing building for the tool and die shop to also be used for small engine and automotive repair shop as well as retail sales and service of farm equipment and mini-warehouse storage facilities as per the site plan. (See existing Conditional District Permits later in the agenda packet.)

Proposed Zoning District Standards from the *Randolph County Unified Development Ordinance*, Article 600, Section 613 (ex. Fencing, buffers, etc.):

<i>HC: HIGHWAY COMMERCIAL DISTRICT</i>	
PURPOSE	
The purpose of the <i>Highway Commercial (HC) District</i> is to provide a place in which the principal use of land is for the retailing of durable goods, the provision of commercial services to industrial areas, and the provision of services to tourists.	
DIMENSIONAL STANDARDS FOR PRIMARY STRUCTURE	
Lot size with a minimum of 100 ft. of State road frontage	40,000 sq. ft. Water Quality Critical Area: 80,000 sq. ft.
Lot size with less than 100 ft. of State road frontage	5 acres
Lot width	100 ft. at building line
Front setback	35 ft. from any road right-of-way
Corner side setback	35 ft. from any road right-of-way
Side setback	10 ft. from any side property line
Rear setback	30 ft. from the rear property line
DIMENSIONAL STANDARDS FOR ACCESSORY STRUCTURES	
Road setback	20 ft. from any road right-of-way
Property line setback	5 ft. from any property line
DIMENSIONAL STANDARDS NOTES	

1. Lot areas and setbacks shall be increased if required by Randolph County Public Health.
2. Lot areas in designated Watersheds and Protected Areas are controlled by the Randolph County Watershed Protection Regulations.
3. Front yard setback shall be maintained on all road rights-of-way.
4. Minimum lot size requirements within *Primary Growth Areas* may be reduced to a minimum of 30,000 sq. ft. or 20,000 sq. ft. with public utilities.
5. The minimum lot size requirements within *Rural Growth Areas* are 3 acres.
6. Lots in major subdivisions within *Rural Growth Areas* must maintain a 1:4 ratio.
7. The minimum lot size requirements within the *Natural Heritage Overlay* are 6 acres.
8. Conditional Districts are identical to the general use districts except for site plans and individualized development conditions are imposed only upon the signed petition of all owners of the land to be included in the Conditional District.

STAFF ANALYSIS AND RECOMMENDATION

The Planning and Zoning Staff has reviewed this request finds that this request:

- Meets all technical requirements of both the Ordinance and the Plan;
- Is consistent, reasonable, and in the public interest; and
- Should be **APPROVED** by the Randolph County Planning Board.

The following policies from the *Randolph County Growth Management Plan* were identified by the Technical Review Committee as supporting the above conclusion.

Policy 4.1 Provide for sites in Randolph County jurisdiction where rural commercial activity can locate; with the goal of increasing economic activity; job creation, and the provision of services to the rural community.

Consistency Analysis: By recommending this request to be approved, the Technical Review Committee noted that there is existing commercial activity in the area such as furniture manufacturing and an existing convenience store. This request, if approved, would increase economic activity, create jobs and also provide services to the surrounding community which includes Camp Caraway and Camp Mundo Vista which could also benefit from the retail sales close to their facilities.

Policy 4.6 Compatible land uses such as rural neighborhood retail and service establishments located close to general residential areas should be considered during the rezoning process with the general goal of reducing automobile travel distances and promoting better livability in the community.

Consistency Analysis: The Technical Review Committee noted the existing commercial operations in the community and noted that, if approved, the request could potentially reduce travel distances for the citizens and tourists in this area by having the retail store in operation.

Reasonableness and Public Interest Analysis: The policies listed above illustrate how this request is consistent with the Ordinance, the Plan, and applicable General Statutes. The parcel in this rezoning request is subject to the Conditions agreed upon between the property owner and the Planning Board. These Conditions will limit the amount and type of development on the property reducing the impact on adjoining parcels. The proposed use will also increase the tax base and increase economic activity within the County.

It should be noted that this recommendation is only the opinion of the Technical Review Committee based on information supplied by the applicant before the public hearing. Additional information provided at the public hearing could cause the Planning Board to either accept or reject these recommendations.

**COUNTY OF RANDOLPH
CONSISTENCY DETERMINATION AND
FINDING OF REASONABLENESS AND PUBLIC INTEREST**

**IN THE MATTER OF THE APPLICATION FOR REZONING
BY GLANDON FOREST EQUITY, LLC
REZONING REQUEST #2023-00001844**

NORTH CAROLINA

**RANDOLPH COUNTY
PLANNING BOARD**

According to North Carolina General Statutes § 160D and the *Randolph County Unified Development Ordinance*, the Randolph County Planning Board finds that the proposed zoning district map amendments to *HC-CD - Highway Commercial - Conditional District* as described in the application of Glandon Forest Equity, LLC, are consistent with the *Randolph County Unified Development Ordinance* and the 2009 *Randolph County Growth Management Plan* and are reasonable and in the public interest for the following reasons:

1. Determination of Consistency with the *Growth Management Plan*.

A. Consistency with *Growth Management Plan* Map

The *Randolph County Growth Management Plan* map for the southeast area shows the parcel to be rezoned in an area designated as *Secondary Growth Area* which generally is a transitional area with major subdivisions scattered between agriculture and commercial land use patterns.

B. Consistency with Growth Policies in the *Growth Management Plan*

Policy 4.1 *Provide for sites in Randolph County jurisdiction where rural commercial activity can locate; with the goal of increasing economic activity; job creation, and the provision of services to the rural community.*

Consistency Analysis: By recommending this request to be approved, the Technical Review Committee noted that there is existing commercial activity in the area such as furniture manufacturing and an existing convenience store. This request, if approved, would increase economic activity, create jobs and also provide services to the surrounding community which includes Camp Caraway and Camp Mundo Vista which could also benefit from the retail sales close to their facilities.

Policy 4.6 *Compatible land uses such as rural neighborhood retail and service establishments located close to general residential areas should be considered during the rezoning process with the general goal of reducing automobile travel distances and promoting better livability in the community.*

Consistency Analysis: The Technical Review Committee noted the existing commercial operations in the community and noted that, if approved, the request could potentially reduce travel distances for the citizens and tourists in this area by having the retail store in operation.

2. Statement of Reasonableness and Public Interest

Reasonableness and Public Interest Analysis:

The policies listed above illustrate how this request is consistent with the Ordinance, the Plan, and applicable General Statutes. The parcel in this rezoning request is subject to the Conditions agreed upon between the property owner and the Planning Board. These Conditions will limit the amount and type of development on the property reducing the impact on adjoining parcels. The proposed use will also increase the tax base and increase economic activity within the County.

STAFF ANALYSIS AND RECOMMENDATION

The Planning and Zoning Staff has reviewed this request finds that this request:

- Meets all technical requirements of both the Ordinance and the Plan;
- Is consistent, reasonable, and in the public interest; and
- Should be **APPROVED** by the Randolph County Planning Board.

The following policies from the *Randolph County Growth Management Plan* were identified by the Technical Review Committee as supporting the above conclusion.

Policy 3.4 *Warehousing, storage, and distribution facilities should have direct access to appropriate thoroughfares and should be visually buffered according to their location.*

Consistency Analysis: The Technical Review Committee noted in its review that this property is adjacent to the existing Klaussner Furniture manufacturing facility and is in a portion of US Hwy 220B S that has been rezoned commercial over the years. The site plan does show some buffering and is located along a major transportation corridor.

Policy 3.7 *Sustainable economic growth, environmental protection, and quality of life shall be pursued together as mutually supporting growth management goals.*

Consistency Analysis: The Technical Review Committee found in its review that this request would support economic growth within the County and also protect the environment and the quality of life of the citizens that reside in the area.

Reasonableness and Public Interest Analysis: The policies listed above illustrate how this request is consistent with the Ordinance, the Plan, and applicable General Statutes. The parcel in this rezoning request is subject to the Conditions agreed upon between the property owner and the Planning Board. These Conditions will limit the amount and type of development on the property reducing the impact on adjoining parcels. The proposed use will also increase the tax base and increase economic activity within the County.

It should be noted that this recommendation is only the opinion of the Technical Review Committee based on information supplied by the applicant before the public hearing. Additional information provided at the public hearing could cause the Planning Board to either accept or reject these recommendations.

**COUNTY OF RANDOLPH
CONSISTENCY DETERMINATION AND
FINDING OF REASONABLENESS AND PUBLIC INTEREST**

**IN THE MATTER OF THE APPLICATION FOR REZONING
BY UWHARRIE BUILDERS, LLC
REZONING REQUEST #2023-00001845**

NORTH CAROLINA

**RANDOLPH COUNTY
PLANNING BOARD**

According to North Carolina General Statutes § 160D and the *Randolph County Unified Development Ordinance*, the Randolph County Planning Board finds that the proposed zoning district map amendments to *LI-CD - Light Industrial - Conditional District* as described in the application of Uwharrie Builders, LLC, are consistent with the *Randolph County Unified Development Ordinance* and the 2009 *Randolph County Growth Management Plan* and are reasonable and in the public interest for the following reasons:

1. Determination of Consistency with the *Growth Management Plan*.

A. Consistency with *Growth Management Plan* Map

The *Randolph County Growth Management Plan* map for the southeast area shows the parcel to be rezoned in an area designated as *Primary Growth Area* which generally lies along major transportation corridors and has access to urban services. This parcel is along US Hwy 220 Bus S which is a major transportation corridor.

B. Consistency with Growth Policies in the *Growth Management Plan*

Policy 3.4 *Warehousing, storage, and distribution facilities should have direct access to appropriate thoroughfares and should be visually buffered according to their location.*

Consistency Analysis: The Technical Review Committee noted in its review that this property is adjacent to the existing Klausner Furniture manufacturing facility and is in a portion of US Hwy 220B S that has been rezoned commercial over the years. The site plan does show some buffering and is located along a major transportation corridor.

Policy 3.7 *Sustainable economic growth, environmental protection, and quality of life shall be pursued together as mutually supporting growth management goals.*

Consistency Analysis: The Technical Review Committee found in its review that this request would support economic growth within the County and also protect the environment and the quality of life of the citizens that reside in the area.

Reasonableness and Public Interest Analysis: The policies listed above illustrate how this request is consistent with the Ordinance, the Plan, and applicable General Statutes. The parcel in this rezoning request is subject to the Conditions agreed upon between the property owner and the Planning Board. These Conditions will limit the amount and type of development on the property reducing the impact on adjoining parcels. The proposed use will also increase the tax base and increase economic activity within the County.

2. Statement of Reasonableness and Public Interest

Reasonableness and Public Interest Analysis:

The policies listed above illustrate how this request is consistent with the Ordinance, the Plan, and applicable General Statutes. The parcel in this rezoning request is subject to the Conditions agreed upon between the property owner and the Planning Board. These Conditions will limit the amount and type of development on the property reducing the impact on adjoining parcels. The proposed use will also increase the tax base and increase economic activity within the County.

STAFF ANALYSIS AND RECOMMENDATION

The Planning and Zoning Staff has reviewed this request finds that this request:

- Meets all technical requirements of both the Ordinance and the Plan;
- Is consistent, reasonable, and in the public interest; and
- Should be **APPROVED** by the Randolph County Planning Board.

The following policies from the *Randolph County Growth Management Plan* were identified by the Technical Review Committee as supporting the above conclusion. The Technical Review Committee also noted that the property has been cleared of all of the previous junk from the property and that the condition of the property has been greatly improved.

Policy 6.5 *The protection of viable rural neighborhoods should be encouraged by compatible residential development to ensure the continued existence as a major housing source and as a reflection of the long-term quality of life in Randolph County.*

Consistency Analysis: The surrounding land uses in this area consist of commercial operations and residential uses. As previously stated, the Technical Review Committee noted the improvement in the appearance of the property under the new property owner. This mobile home park, L & L Mobile Home Park, has been in existence for many years and residential development has continued to occur in this area and which shows that this development is compatible with the existing land uses and the need to provide affordable housing for the citizens of the County.

A Resolution Adopting the 2009 Randolph County Growth Management Plan, Item 3, *Ensure the opportunity for landowners to achieve the highest and best uses of their land that are consistent with growth management policies in order to protect the economic viability of the County's citizens and tax base.*

Consistency Analysis: As previously mentioned, this property has been a mobile home park for many years and continues to be in operation under a new owner. Approving this request will ensure the opportunity for the "landowner to achieve the highest and best use of" this property.

Reasonableness and Public Interest Analysis: The policies listed above illustrate how this request is consistent with the Ordinance, the Plan, and applicable General Statutes. The parcel in this rezoning request is subject to the Conditions agreed upon between the property owner and the Planning Board. These Conditions will limit the amount and type of development on the property reducing the impact on adjoining parcels. The proposed use will also increase the tax base and increase economic activity within the County.

It should be noted that this recommendation is only the opinion of the Technical Review Committee based on information supplied by the applicant before the public hearing. Additional information provided at the public hearing could cause the Planning Board to either accept or reject these recommendations.

**COUNTY OF RANDOLPH
CONSISTENCY DETERMINATION AND
FINDING OF REASONABLENESS AND PUBLIC INTEREST**

**IN THE MATTER OF THE APPLICATION FOR REZONING
BY EDGEWOOD HOSIERY, INC
REZONING REQUEST #2023-00001858**

NORTH CAROLINA

**RANDOLPH COUNTY
PLANNING BOARD**

According to North Carolina General Statutes § 160D and the *Randolph County Unified Development Ordinance*, the Randolph County Planning Board finds that the proposed zoning district map amendments to *RM-CD - Residential Mixed - Conditional District* as described in the application of Edgewood Hosiery, Inc. are consistent with the *Randolph County Unified Development Ordinance* and the 2009 *Randolph County Growth Management Plan* and are reasonable and in the public interest for the following reasons:

1. Determination of Consistency with the *Growth Management Plan*.

A. Consistency with *Growth Management Plan* Map

The *Randolph County Growth Management Plan* map for the southeast area shows the parcel to be rezoned in an area designated as *Primary Growth Area* which generally lies along major transportation corridors and has access to urban services. This parcel is along US Hwy 220 Bus S which is a major transportation corridor.

B. Consistency with Growth Policies in the *Growth Management Plan*

Policy 6.5 *The protection of viable rural neighborhoods should be encouraged by compatible residential development to ensure the continued existence as a major housing source and as a reflection of the long-term quality of life in Randolph County.*

Consistency Analysis: The surrounding land uses in this area consist of commercial operations and residential uses. As previously stated, the Technical Review Committee noted the improvement in the appearance of the property under the new property owner. This mobile home park, L & L Mobile Home Park, has been in existence for many years and residential development has continued to occur in this area and which shows that this development is compatible with the existing land uses and the need to provide affordable housing for the citizens of the County.

A Resolution Adopting the 2009 Randolph County Growth Management Plan, Item 3, Ensure the opportunity for landowners to achieve the highest and best uses of their land that are consistent with growth management policies in order to protect the economic viability of the County's citizens and tax base.

Consistency Analysis: As previously mentioned, this property has been a mobile home park for many years and continues to be in operation under a new owner. Approving this request will ensure the opportunity for the "landowner to achieve the highest and best use of" this property.

2. Statement of Reasonableness and Public Interest

Reasonableness and Public Interest Analysis:

The policies listed above illustrate how this request is consistent with the Ordinance, the Plan, and applicable General Statutes. The parcel in this rezoning request is subject to the Conditions agreed upon between the property owner and the Planning Board. These Conditions will limit the amount and type of development on the property reducing the impact on adjoining parcels. The proposed use will also increase the tax base and increase economic activity within the County.
